What's New

Enhancements

On 13th June 2019 enhancements are to be implemented into the RGS to enhance the current system environment and address reported issues.

A detailed listing of enhancements with screenshots and explanation can be found [here](#).

Quarterly and Ad-hoc Reporting

- HSPs have received the first and second set of scheduled reports for 2019.
- Scheduled reports will be disseminated each quarter with the next set of reports due for release on the 01st July 2019.
- Work is underway to develop an ad-hoc reporting platform which will be made available to authorised individuals (or their nominated delegate) in HSPs. Further information about the development of the ad-hoc reporting system will be released as it becomes available.

How can I provide feedback on RGS?

If you wish to provide feedback on RGS please contact your local WA Health RGS Business User Group (BUG) Member listed below. If you are external to WA Health please contact RGS.support@health.wa.gov.au.
