

Government of **Western Australia**
Department of **Health**

National Mutual Acceptance (NMA)

Katherine Coltrona

Senior Policy Officer
Department of Health

1 September 2017

National Mutual Acceptance of ethical and scientific review for multi-centre human research projects conducted in public health organisations (NMA)

- WA joined NMA scheme 31 August 2017.
- Enables **Public Health Organisations (PHO)** of participating jurisdictions to accept a single scientific and ethical review of multi-centre inter-jurisdictional research projects by a **NHMRC Certified NMA HREC (Lead HREC)**.
- Some human research projects excluded from single ethical and scientific review. Exceptions apply in each jurisdictions which will require an **Additional HREC review (Specialist HREC)**.
- Submit to Lead and Specialist concurrently as approvals reviewed by RG Office via governance review process.
- WA intra-jurisdictional multi-centre research should continue to be reviewed according to **WA Health Single Ethical Review** scheme.

Participating Jurisdictions & Retrospective Approval

- MoU signed by **ACT, NSW, Qld, SA, Vic, WA** - principles & specific jurisdictional requirements.
- Commenced 2013 for clinical trials, expanded to all research 2015.
- Requires L&NR research to be reviewed by a full HREC.
- No retrospective inclusion of other jurisdiction's sites in WA approved research projects prior to 31 August.
- WA sites may be added to NMA approved projects by way of amendments. **If a WA Health site is added as an amendment, the WASM must be submitted to the Lead HREC with the amendment.**
- NMA applies to PHOs but private health organisations may accept the review of a NMA HREC. Some jurisdictions have certain ethical review requirements for private health organisations.

Research Projects Exempted from SER

Location	Project Types	Additional Specialist HREC
National	<ul style="list-style-type: none"> • Persons in custody or staff of the jurisdictional Justice Health departments. • Health and wellbeing of Aboriginal and Torres Strait Islander people and communities. • Access to state-wide data collections (NSW, WA only). • Access to coronial material. • First Time in Human (FTIH), Phase 0 and Phase 1 clinical trials (in ACT & SA only) 	<p><i>Exemptions listed in:</i> NMA Standard Principles for Operation NMA Fact Sheet</p> <p><i>Also contain jurisdictional contact details/websites to find out which Specialist HRECs will review these project types.</i></p>
WA	<ul style="list-style-type: none"> • Where Aboriginality is a key determinant or is explicitly directed at Aboriginal people. • Access to coronial samples, data or information. • Require the use and disclosure of personal information from the Department of Health data collections or data linkage 	<ul style="list-style-type: none"> • WA Aboriginal Health Ethics Committee (External to WA Health) • Coronial Ethics Committee, WA (External to WA Health) • Department of Health WA HREC (WA Health)

Selecting a Lead HREC

1. Must be a NHMRC Certified HREC sponsored by a PHO from a participating jurisdiction. Not all NHMRC Certified HREC included in NMA.
2. Certified HREC must be certified in the category of research related to the project.
3. The CPI must apply the following for each jurisdiction regarding the selection of a HREC:
 - **ACT, NSW** - the choice of HREC is at the discretion of the applicant.
 - **Qld** – selection through Central Co-ordinating Service online form.
 - **Vic** – selection through the Central Allocation System.
 - **SA, WA** - to the certified HREC associated with the site at which the applicant is conducting the research and if this is not applicable, the selection is at the discretion of the applicant.

Lead HRECs

Location	Lead (HRECS)	Certification Categories
National	All NMA certified HRECs are listed in the NMA <i>HRECs, Research Governance (RG) Office, and Organisations</i>	All NMA HREC certification categories are listed in the NMA <i>HRECs, Research Governance (RG) Office, and Organisations</i>
WA	Child and Adolescent Health Service Human Research Ethics Committee (EC00268)	Clinical trials phase I, II, III, IV Clinical trials drugs and devices Clinical interventional research other than clinical trials Population health and/or public health Qualitative research Mental health Paediatric research Other health and medical research: <input type="checkbox"/> Observational/non-clinical interventional
WA	Sir Charles Gairdner and Osborne Park Health Care Group Human Research Ethics Committee (EC00271)	Clinical trials phase I, II, III, IV Clinical trials drugs and devices Clinical interventional research other than clinical trials Population health and/or public health Qualitative research.
WA	South Metropolitan Health Service Human Research Ethics Committee (EC00265)	Clinical trials phase I, II, III, IV Clinical trials drugs and devices Clinical interventional research other than clinical trials Population health and/or public health Qualitative research Mental health Other health and medical research: <input type="checkbox"/> Observational non-clinical research.

Ethics Application Forms

- Human Research Ethics Application (HREA)
CPI must sign the declaration section of HREA. PIs not required to sign declaration as they will make a declaration in the SSA Form.
- Some jurisdictions require an additional Module:
 - [NSW Privacy Form](#) if applicable.
 - [Vic Specific Module](#)
 - [WA Specific Module \(WASM\)](#).
- Master PICF & Site Master PICF (PIs to submit Site PICFs based on Master PICF).
- Ethics Checklist (for NSW, Qld, SA and Vic only).

CPI & PI Responsibilities

- **Coordinating Principal Investigator (CPI)**
 - Responsible for whole of project at all sites – consult with accepting sites (participating PIs), ensure project design considers *Jurisdictional Legislative Requirements* (e.g. consent).
 - Responsible for ethics:
 - All communications with Lead and Specialist HREC.
 - Submitting all ethics application and monitoring forms and documents.
- **Principal Investigator (PI)**
 - Responsible for project conducted at sites under their authority.
 - Responsible for governance:
 - All communications/approval with site Hospital Administrators i.e. Heads of research and supporting departments, Business Managers, Divisional Directors, Regional Directors.
 - All communications with Research Governance (RG) Office or officers (RGOs).
 - Submitting all governance application and monitoring forms and documents.
 - Report to CPI with respect to all information that requires submission to HREC(s).

May delegate some responsibilities.

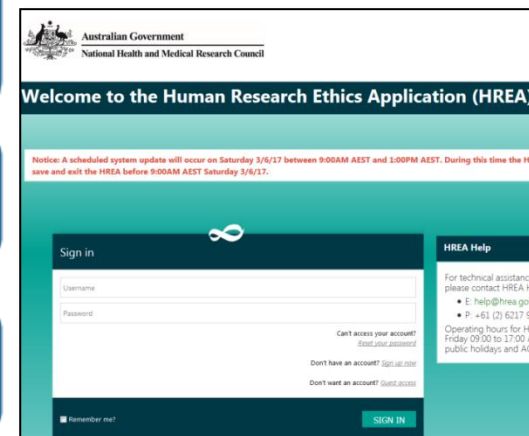

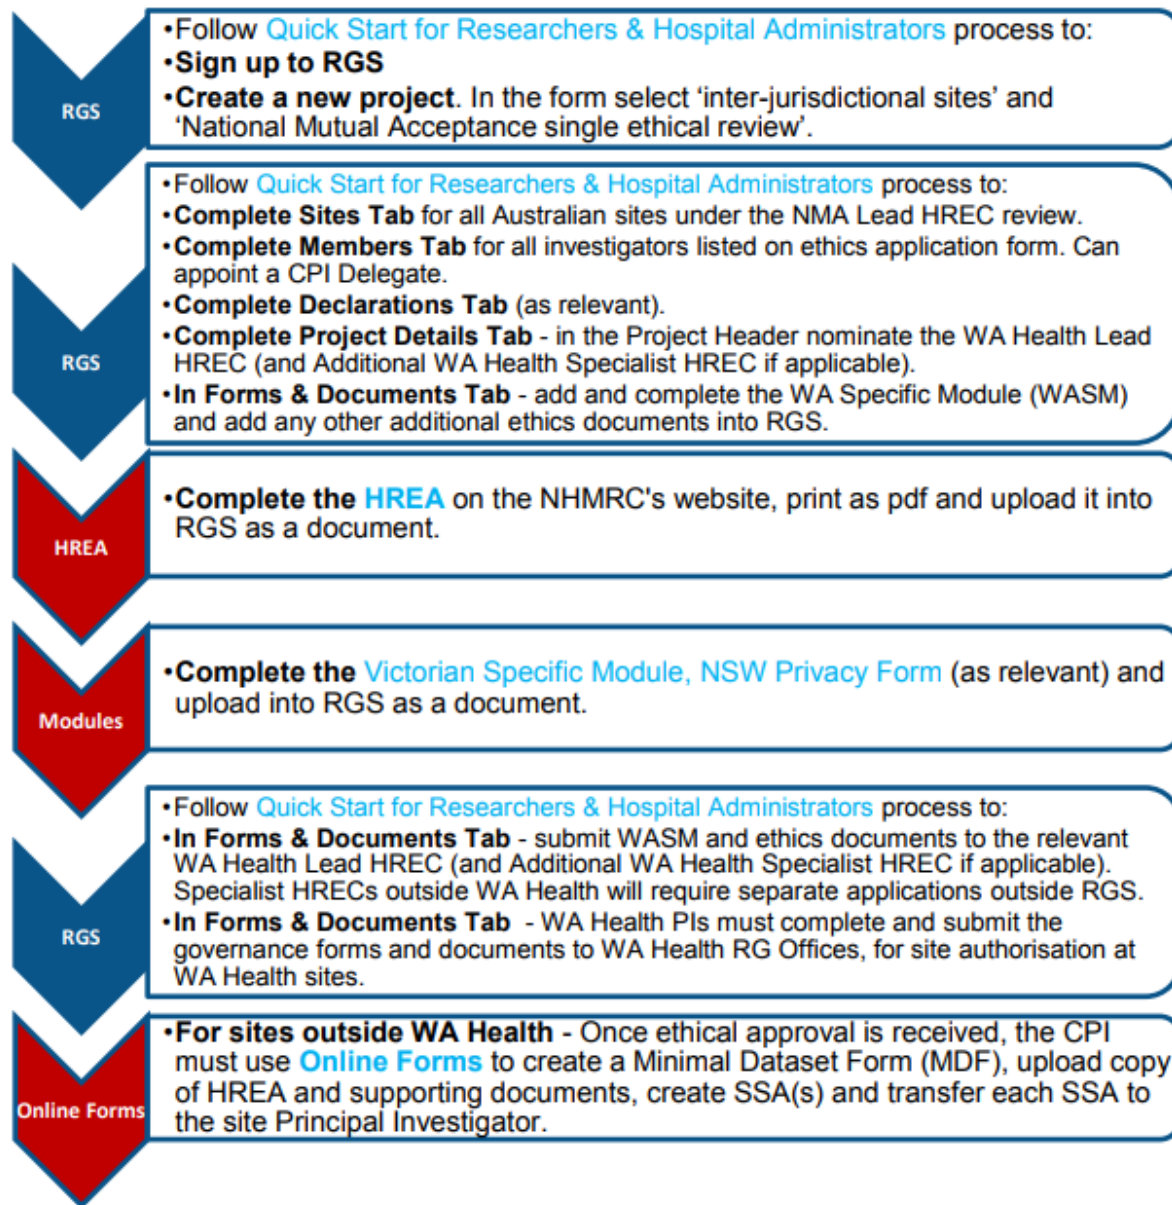

RG Office - Governance Review

- A process of site specific assessment (SSA)/governance review must be undertaken by a participating site RG Office (**not by local HREC**).
- **Each jurisdiction will have a different SSA Form** for use within that jurisdiction. SSA Forms usually apply to only one site – exceptions occur (e.g. WACHS sites within a Region).
- WA –Access Request Form which might apply instead of SSA/Budget Forms.
- Research projects cannot commence at a site until **site authorisation** has been given. Site authorisation will ensure there is approval from a certified Lead HREC (and Specialist HREC, where relevant).
- Sites retain the right not to provide site authorisation, once a governance review has been conducted by the RG Office.

Jurisdictional IT systems for Ethics & Governance Applications

- Each jurisdiction must provide an online IT system to :
 - administration NMA by HRECs and RG Offices and provide application tracking
 - report on national research activity related to number & type of projects, KPIs for HREC/RGO review (incl. stop clock).
- The following IT systems are currently in use:
 - Research Governance Service (RGS): WA.
 - AU RED/Online Forms - <https://au.ethicsform.org/SignIn.aspx>: ACT, Qld, SA, Vic, NSW (will adopt REGIS in 2018).

Outside WA HREC Submission Process

← Should be CPI

← Can get CPI Delegate (PI) to do this, don't submit WASM yet, just print in Forms 7 Documents as PDF.

← Can get PI/Delegate to submit WASM & Forms to RG Office

Previous External NMA approval with WA added as Amendment

RGS

- Follow [Quick Start for Researchers & Hospital Administrators](#) process to:
- **Sign up to RGS.**
- **Create a new project.** In the form select 'inter-jurisdictional sites' and 'National Mutual Acceptance single ethical review'.

Should be CPI

RGS

- Follow [Quick Start for Researchers & Hospital Administrators](#) process to:
- **Complete Sites Tab** for all Australian sites under the NMA Lead HREC review.
- **Complete Members Tab** for all investigators affiliated with or accessing identifiable data from WA Health sites. Can appoint a CPI Delegate.
- **Complete Declarations Tab** (as relevant).
- **Complete Project Details Tab** - in the Project Header select Lead HREC outside WA Health (and Additional WA Health Specialist HREC if applicable).
- **In Forms & Documents Tab** - add and complete the WA Specific Module (WASM) and print as PDF to send to External Lead HREC.

Can get CPI Delegate (e.g. PI) to do this, don't submit WASM yet, just print in Forms & Documents as PDF.

RGS

- **Once ethical approval is received and no Additional WA Health Specialist HREC is involved**, follow [Quick Start for Researchers & Hospital Administrators](#) process to:
- **In Forms & Documents Tab** - the **CPI or PI** must upload the approved ethics documents (including the HREA and Lead HREC approval letter) to ethics.
- **In Forms & Documents Tab** submit WASM and ethics documents to the WA Health RG Office affiliated with a WA Health site involved with the project.
- **In Forms & Documents Tab** - WA Health PIs must complete and submit the governance forms and documents to WA Health RG Offices, for site authorisation at WA Health sites.

Can get PI/Delegate to submit WASM & Forms to RG Office

External HREC – No WA Specialist HREC

Lead HREC Review

- Full HREC scientific/ethical review (even L&NR Research) using HREA plus WA / VIC Module.
- HREC review in accordance with:
 - *National Statement on Ethical Conduct in Human Research 2007.*
 - *Jurisdictional Legislative Requirements:*
 1. *CTN and CTX Schemes*
 2. *Consent*
 3. *Embryo Research*
 4. *Financial Accountability*
 5. *Gene Technology*
 6. *Ionising Radiation*
 7. *Privacy and Confidentiality*
 8. *Record Keeping*
 9. *Removal and Use of Human Tissue*
 10. *Risk Management*
 11. *Jurisdictional Data Collections.*
- KPI: 60 calendar day (with stop clock) – annual activity reporting required.
- Duration of Approval – up to 5 year period or rolling approval for life of project.

Lead HREC Review

- HREC approval letters should clearly:
 - List all organisations (or sites) that have been approved through single ethical review.
 - HREC approval date.
 - Date CPI submits a progress report which includes reporting from all approved sites.
 - List documents, with version identification, associated with the research project that was reviewed and approved.
 - Indicate that the research cannot commence until site authorisation has been endorsed by the participating site.
 - Duration of ethical approval.
- Each jurisdiction responsible for ensuring that it has appropriate insurance for the purpose of participating in the NMA i.e. for the purpose of conducting ethical review of multi-centre clinical trials and other research projects.

Monitoring & Reporting

- Lead/Specialist HREC and RG Office are responsible for monitoring the ongoing conduct and safety of the human research project in accordance with:
 - NHMRC *National Statement on Ethical Conduct in Human Research 2007*.
 - NMA *Monitoring and Reporting Framework* and *Monitoring and Reporting Tables*
- CPI, PI and Sponsor Reporting is based on:
 - NHMRC *Safety monitoring and reporting in clinical trials involving therapeutic goods 2016*.
 - Jurisdictions requirements in NMA *Monitoring and Reporting Framework and Monitoring and Reporting Tables*:
 - Safety
 - Amendments
 - Complaints
 - General
 - Pre and Post approval/authorisation requirements.

Monitoring & Reporting Forms

There are no standard national monitoring forms. WA Health forms available from RGS public website, may be available as RGS e-forms in 2018.

Monitoring	WA Lead/Specialist HREC & WA RG Office Forms	External Lead HREC & External RG Office Forms
Annual Progress Report – due on Lead HREC approval date	<i>WA Health Annual Progress Report</i>	CPI and PIs (responsible for sites outside WA Health) will need to contact each jurisdiction re the monitoring forms to complete
Amendment Extension of HREC Approval	<i>WA Health Amendment Form</i>	
Safety Reporting	<i>WA Health Safety Form</i>	
Complaint	<i>WA Health Research Complaint Form</i>	
Final Report	<i>WA Health Final Report</i>

RGS Multi-centre Research <https://rgs.health.wa.gov.au/Pages/Multi-centre-Research.aspx>

National Mutual Acceptance

Background

The National Mutual Acceptance (NMA) scheme has been implemented in public health organisations within the Australian Capital Territory, New South Wales, Queensland, South Australia, Western Australia and Victoria. **WA Health signed the NMA Memorandum of Understanding on 18 July 2017 and will commence participation from 31 August 2017.**

Under the NMA, all multi-centre research projects being conducted at public health organisations within the participating jurisdictions must be ethically and scientifically reviewed only once by a NHMRC Certified Lead HREC participating in the NMA. The exception is those research projects that require additional specialist review.

WA Health sites must accept the ethical and scientific review undertaken by a [NHMRC Certified Lead HREC participating in the NMA](#) as sufficient review for the purposes of the multi-centre projects conducted at sites under their control.

Find further information on the process in the [WA Health NMA Guidelines August 2017](#) and [WA Health Research Governance and Single Ethical Review Standard Operating Procedures \(OD 0446/13\)](#).

WA Health NHMRC Certified HRECs
